Description of Work

1/24/18 received an email from the owner of the business stating that the company who pulled this permit completed the work in january, however the permit was pulled in feb and they have no inspections. I informed they can go to contractors board for recourse. They said that the company no longer exists bc the owner of the company died. They are going to hire another company to come pull the permit....lq

Demolition/Renovation: All permits involving partial or complete demolition, renovation, or similar types of work may require the holder of this permit to submit an Asbestos NESHAP Notification of Asbestos Abatement form and/or obtain a Dust Control Permit. You are required to contact Clark County Department of Air Quality and Environmental Management at 455-5942 prior to performing any such work.

Notice to home owners: Per Nevada Revised Statutes 278.573, state law requires construction to be done by licensed contractors. If you are obtaining a permit under an exemption to that law, the exemption allows you, as the owner of your property, to act as your own contractor with certain restrictions although you do not have a license. You must directly supervise the construction, on the job, yourself. The building or residence must be for your own use or occupancy. It may not be built or substantially improved for sale or lease. If you sell or lease a building you have built or substantially improved yourself within 1 year after the construction is complete, it is presumed that you built or substantially improved it for sale or lease, which is a violation of this exemption and a violation of chapter 624 of NRS. You may not hire an unlicensed person to act as your contractor or to supervise people working on your building. It is your responsibility to make sure that people employed by you have the licenses required by state law and by county or municipal licensing ordinances. You may not delegate the responsibility for supervising work to a contractor unless he is licensed to perform the work being done. Any person working on your building who is not licensed must work under your direct supervision and must be employed by you, which means that you must deduct FICA and withholding tax and provide industrial insurance and pay the required contribution for unemployment compensation for that employee, and comply with other state and federal laws relating to employment. Your construction must comply with all applicable laws, ordinances, building codes and zoning regulations.

Totals:	\$86.00	\$86.00	\$0.00

I have read the above and know the contents to be true and correct. I further state that I am familiar with any ordinances of the City of North Las Vegas and with the statutes of the State of Nevada now in effect covering the construction of structures of the type above and agree to construct said structure in conformity therewith. I further agree any error in checking the plans submitted herewith or in examination of the above on the part of the inspector or engineer does not relieve me, the applicant of the responsibility to comply with all State and local codes, ordinances and laws governing same.

Demolition/Renovation: All Permits involving partial or complete demolition, renovation, or similar types of work may require the holder of this permit to submit an Asbestos NESHAP Notification of Asbestos Abatement form and/or obtain a Dust Control Permit. You are required to contact Clark County Department of Air Quality and Environmental Management at 702-455-5942 prior to performing any such work.

Owner Builder Affidavit of Exemption (when applicable): Per Nevada Revised Statutes 278.573, state law requires construction to be done by licensed contractors. If you are obtaining a permit under an exemption to that law, the exemption allows you, as the owner of your property, to act as your own contractor with certain restrictions although you do not have a license. You must directly supervise the construction, on the job, yourself. The building or residence must be for your own use or occupancy. It may not be built or improved for sale or lease. If you sell or lease a building you have built or improved yourself within 1 year after the construction is complete, it is presumed that you built or improved it for sale or lease, which is a violation of this exemption and a violation of chapter 624 of NRS. You may not hire an unlicensed person to act as your contractor or to supervise people working on your building. It is your responsibility to make sure that people employed by you have the licensed required by state law and by county or municipal licensing ordinances. You may not delegate the responsibility for supervising work to a contractor unless he is licensed to perform the work being done. Any person working on your building who is not licensed must work under your direct supervision and must be employed by you, which means that you must deduct FICA and withholding tax and provide industrial insurance and pay the required contribution for unemployment compensation for that employee, and comply with other state and federal laws relating to employment. Your construction must comply with all applicable laws, ordinances, building codes and zoning regulations.

For residential dwellings: This permit card serves as the certificate of occupancy and shall be posted in a conspicuous place on the premises and shall not be removed except by the Building Official.

RE: ORDER TO COMPLY: 2256 Losee Rd. Unit E

Dear Sir or Madam,

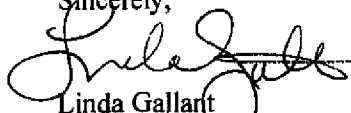

Consider this your Order to Comply regarding **installation of an Air Conditioning Unit**. Pursuant to North Las Vegas Municipal Code Section 15.72.140, permits are required for this type of work. The City is unable to locate permits for the above referenced installation.

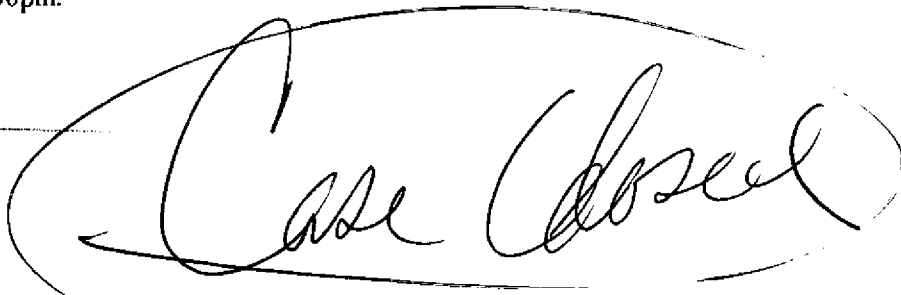

In order to obtain the proper permits, you must submit two (2) complete sets of plans to the Permit Application Center (PAC) at 2250 Las Vegas Blvd North, NLV, NV 89030. You must also obtain Planning Department approval. Obtain the proper permits *within sixty (60) calendar days* from service date of this Order or YOU MAY REMOVE THE NON-PERMITTED CONSTRUCTION.

If you wish to appeal this Order, you may do so in writing within *fourteen (14) calendar days* from service date of this letter. Send your appeal to the Building Official, Department of Building Safety, 2250 Las Vegas Blvd North, NLV, NV 89030 stating the hardship that prevents you from obtaining code compliance and the time frame required to obtain code compliance.

If you have any questions concerning your plan submittal, please call PAC at 633-1536 or Planning Department at 633-1537. The hours of operation are Monday through Thursday, 8am until 5:45pm. I can be reached at 633-2297, Tuesday through Friday, 7am until 4:30pm.

Sincerely,

Linda Gallart
Commercial Building Inspector
